

The New York State Department of Public Service (Department) announced today that beginning March 24, 2023, customers in the 845-area code region requesting new mobile or landline telephone service, an additional line, or a move in the location of their service, may be assigned a number in the new 329-area code. The new area code will provide additional much-needed phone numbers for residents and businesses in the existing 845-area code region.
