Dear Partner,

Rebuilding Together Dutchess County (RTDC) is an affiliate of the nation's leading nonprofit working to provide safe and healthy homes while also preserving affordable homeownership by providing **no-cost home repairs and modifications** to income-qualified homeowners. For over 30 years, RTDC has brought volunteers and communities together to improve the homes and lives of the growing population of homeowners in need, completing over 1,100 home repair projects throughout Dutchess County.

We are pleased to announce our 2023 Rebuilding Day home repair application is now available and ask for your support to spread the word about our programs to those you serve or interact with.

RTDC's vision is safe homes and communities for everyone. By making some basic adjustments, or completing large-scale deferred maintenance repairs, RTDC can help homeowners remain in their homes for as long as they wish to be. In order to expand our reach to those in need, we seek your help identifying qualified homeowners who can benefit from our **no-cost** home repair and safety modification efforts for the 2024 Rebuilding Day and Handyman Programs.

We welcome any assistance you can provide in publicizing our call for applications to local homeowners. Our Rebuilding Day program application period this year is June 1 through August 31, 2023. Applications received will be for consideration into our 2024 program year. We are happy to accept referrals from you of qualified homeowners in need. Please encourage them to apply or assist them in submitting an application. If you have any questions about referring homeowners, please give us a call.

You have a unique vantage point and ability to spread the word about our services. Enclosed is our Rebuilding Day program application. The application may also be accessed on our website at www.rtdutchess.org.

We would be happy to speak to you or your staff and can provide additional materials for you to distribute. We appreciate your sharing of this application through your communication channels to inform people about RTDC services. Please call with requests or questions: (845) 454-7310.

We extend our most sincere gratitude for your partnership and assistance.

Sincerely,

Darcy McCourt
Executive Director
