

REPAIR CAFE

October 14, 2023

AMENIA TOWN HALL GYM

9-1

We will have folks who sharpen and remove rust from blades, fix seams and hems, string and tune instruments, fix minor book issues, fix lamps, small electronic and mechanical items and portable wooden objects. Bring your bikes, lamps, knives, shears, broken seams and hems. If you have a part for your item that you cannot figure out how to connect it, bring it. We'll have some fix-it tools and glues on hand but no major parts. We will try our best to mend your items. We cannot make any promises to fix but we promise to try.
